“Twenty years from now you will be more disappointed by the things that you didn't do than by the ones you did do.”

— Mark Twain

Are you ready to write?

Everyone has a story to tell, and you probably have lots of them. Researchers now recognize the value of personal memoirs, both for the health benefits and the historical record.

Life Stories, a four-week writing workshop, can get you started.

- Get tips on how to get started and materials to put it all into words.
- Share your story with an informal group of peers.
- Taught by veteran writers Jean Reid Norman and Christine Cutler.
